

TODDLER TOWN

For Preschool to Kindergarten:
Fun and Easy Learning Curriculum; Activity and Technology-Based Education

For Children Ages 2-5

Registration: **Open Enrollment**

Classes START: **Sept. 2014 - June 2015**

Would your child benefit from fun and stimulating early childhood education?

If so, then Toddler Town is right for your child. Getting an early start with education is important.

At Inner Changes' TODDLER TOWN your child won't even know he/she is learning. We have developed programs and a curriculum that children will enjoy and also grow from. We make it FUN TO LEARN.

KID FRIENDLY, SELF-PACED LEARNING

1. Combines the technology kids love with the education they need.
2. children move at their own pace in reading, math, science, social studies, art and music.

MEETING PARENTS' EXPECTATIONS

Our Toddler Town Program introduces a fabulous tool for learning in order to:

1. enable your child keep up with technology
2. support children to be more creative
3. guide young learners in making better choices.
4. enhance your child's sense of self-worth by teaching him/her to be good, honest, well-mannered, self-directed, respectful, disciplined, and honorable

"**Parent Access**" gives parents access to lesson plans, student progress, detailed reporting, and support through an online Parent Forum.
